UPLIFT VISION

A society without poverty where people are productive, self-reliant and live a balanced life with dignity and social responsibility.

UPLIFT MISSION

To achieve the UPLIFT Vision, we are committed to alleviate poverty in the Philippines by encouraging people in depressed communities to achieve their full potential through microfinance, training, and social services.

MILESTONES

UPLIFT Philippines was established in 1993 and was first known as Neighborhood Business Association (NBA), founded by Inter-Aide of the French Government. By 1998, NBA was transformed into Urban Program for Livelihood Finance and Training (UPLIFT) to expand its programs and services in the urban areas.

For more than a decade, we have been demonstrating that small loans for business and savings, combined with business skills training and social services can effectively empower the poorest families in urban areas to be self-reliant and develop sustainable livelihood.
